Complaint Details

The Chief Minister's Complaint Center has received a complaint regarding an issue related to the Department, wherein the complainant states that their son, a student at KIPS School SHALIMAR Campus, was taken to the office over a minor issue where the coordinator, Madam Shamaila, allegedly subjected him to physical punishment; it is further submitted that when the complainant approached the school to address the matter, the said staff member behaved in an abusive and disrespectful manner, using inappropriate language and openly challenging the complainant to file a complaint, which is highly unprofessional and unacceptable; therefore, it is respectfully requested that the concerned authorities kindly conduct a thorough inquiry and take strict disciplinary action against the responsible individual, including transfer or termination if found guilty, to ensure the protection and well-being of students.
